History of our Practice

Purchased in January 1997 from Dr. Karr who had owned and operated since 1979. Profitable and growing the business needed expansion so built a 10 dental chair practice which is growing daily. Currently, we employ 6 general dentist, 3 Specialists and 5 hygienists in two locations. We are so proud to provide quality dentistry for our patients and our community.

Future of our Practice

Expanding St Robert practice to emulate Rolla's growing practice. Then venture onto 10 more locations throughout Missouri. This will help us to continue to provide quality dentistry throughout Missouri and continue to provide our patients with the care they need.

Our Mission Statement

Dental Care is just the beginning of a healthy life. We want to maintain a healthy living for all: young and old. We hope to be cavity free by 2020. We want you to join our mission and help us accomplish our goals.
