

2012 Excitement!

Welcome 2012 with a bang! There's plenty to be excited about in 2012 and we're eager to share our news with you.

Expansion and growth is planned for both Rolla and St. Robert. New doctors are set to join the Forum Dental team, broadening our offering of services. New policies and procedures will be implemented, benefiting our office and staff while creating a better experience for our patients. And a number of fun and charitable events are already planned, with plenty more to come!

St Robert

In today's unsettling economy, we are proud to announce that we have outgrown our current facility and will be expanding. A new facility will be constructed next door to our current location. This new facility will consist of four hygiene operatories, six general dentist operatories and two specialty operatories. St. Robert is growing immensely and we hope to keep pace. Construction is set to begin very soon – hopefully winter will be kind to us!

St Robert Office – Welcomes Dr. Susan Sherrick- Orthodontist

Dr. Sherrick is an orthodontist who has been practicing in Rolla for many years now. She expressed interest in expanding her services to St. Robert and we're glad to have her on our team. Dr. Sherrick will begin treating patients on Thursday, January 26th with more dates to follow. Dr. Sherrick offers free consultations and is eager to serve St. Robert. Please help us give her a warm welcome.

Forum Dental of St. Robert proudly announces the construction of a larger facility next door to its current location. The new facility will be similar to Forum Dental of Rolla with a few improvements. Coming 2012

Dr George "James" Euler Endodontist

Dr. Euler is an endodontist who has practiced in Missouri for over ten years including current employment at Fort Leonard Wood. We're excited to have him on our team to help us offer a greater variety of endodontic services at reasonable prices. Dr. Euler will begin treating patients on Wednesday, January 18th. He is prepared to see all cases and will soon be a provider for many different insurance carriers. Dr. Euler is a great addition to the Forum Dental team and he is eager to serve St. Robert.

Words of Wisdom

The two words "information" and "communication" are often used interchangeably, but they signify quite different things. Information is giving out; communication is getting through.
